SPEED READER II
Data Disk B - Intermediate Level

The data on this disk is designed for use by students who are reading at the intermediate level (grades 6-8).

The first twenty articles, whose titles are designated EM, are designed for use with the Eye Movement and Column Reading Lessons. The last fifteen passages, whose titles are designated SR, are designed for use with the Reading Passage Lessons and Timed Reading Tests.

To use Data Disk B with your Speed Reader Program Disk, follow the instructions below.

- Boot your Speed Reader II Program Disk.
- When you are asked "Original or New data disk? (O/N)", type N.
- Select an activity from the main menu and follow the screen prompts, inserting Data Disk B when you are told to insert your data disk.
- Press the space bar. The titles of the articles and passages will appear on the screen.

Apple/IBM

When you are asked "File to load?" type the title of the file **exactly** as it appears on the screen, including the EM or SR designation, then press <Return>. Follow the screen directions.

Commodore 64

When you are asked "File number?" type in the number of the title you wish and press <Return>. Follow the screen directions.

Refer to your manual for the most effective way to use each exercise. Chart your progress on the Personal Record Sheets which were provided with your manual.

These articles are for use with the Eye Movement and Column Reading Lessons.
